

I-Cozy and E- Cozy

Dimensions for finished size approximate.

Flap for Carry Case

Pattern reads layer flap on bag front. Diagram shows layer flap on bag back. The diagram is correct. Disregard comment about pockets.

Pocket for Cover reads layer right sides together. This should read wrong sides together.

E-Cozy Diagram 8 - Dimensions should be 7 1/2" and 7".

E-Cozy Carry Case Variation

If you are making the larger E-Cozy the carrying case is a snug fit.

If you would like a little more wiggle room we have posted an additional size option at no extra charge. Go to www.wpcreek.com/ECozy/BiggerBag.pdf. Type exactly as case matters.
